Information Disclosure Statement

Commissioner for Patents
Washington, District of Columbia 20231

Sir:

Attached is a completed Form PTO/SB/08(A&B) and copies of the pertinent parts of the references cited thereon. Following are comments on any non-English-language references pursuant to Rule 98:

Lamberson describes a transportable placer machine, using a water source and a tank, from which water can be drawn and used over and over again

Vissac describes a machine for separating granular materials of different specific gravities, by locating sluice box and screens inside of a water source.

McCann describes a small recirculating and filtering unit, which uses a filter bag.

Keene Engineering describes a portable mini sluice, capable of holding only 10 gallons of water.

Nobody shows a Self-Contained Unit which, Transports its own 35 gallons of water, Transports extra mining supplies, separates, recirculates and filters its own water supply, using a combination of equipment, built on a set of axles, capable of being transported, as one unit, by means of an ATV.

Very respectfully,

Applicant(s):
